

Name: _____

Date: _____

2017 Q4 Engineering Meeting

Across

1. I control up, I control down, but don't make me angry
 7. Resistor Color Code
 8. Critical Element to Time Travel
 9. Person actually responsible for positioning RS1 for Case Factory Install
 11. And Wade commanded - thou shall not mess with
 13. Virtual Terminal
 15. I give shots when needed
 16. Where SHOULD Product Requirements be documented & Stored
 17. One more input & I will take over the world
 22. Who stood on the first SCS 750 console during assembly
 23. V4 As Applied Files
 25. ROS View to view area scout fields
 26. Number of ATD Engineering Employees, still employed, hired before 1996
 31. Averages about 12mm long and triggers overwhelming fear and basal flight instinct
 33. GPS Mode 4
 34. Storage Location
 35. Favorite Main Course to any meal of Seth Steensma
 36. In shape Engineering Manager
 38. How many cubic feet did Steensma's RS1 prototype cooler displace

40. 127.0.0.1

42. Most liked Engineering Manager
 43. I will show you the way
 44. You can't spray this
 47. One of six basic machines
 48. Materials used for the original Viper concept
 50. Protection rating for zero dust ingress & short term submersion
 51. Supports RTK, File Transfers, and Remote Support
 52. Extreme Terrain or X-Ray Telescope - you be the judge
 53. Accuboom with glasses
 54. Eye in the Sky
 55. Formerly known as SBG
 56. Most Competitive Engineering Manager
 57. Ratio, stress / strain

Down

2. Product Management Specs tend to be
 3. Dreamin in the clouds
 4. Secret Device on 2nd floor under Coffee maker
 5. OTA Software Updates
 6. Conflict Mineral Capacitor

10. Insulation Displacement Connector

12. Field Doctor
 14. Where are Product Requirements actually stored
 18. Measures variability in a data set
 19. Person believed to have convinced Case Corporate to install RS1 at the Factory
 20. I have a plus sized twin
 21. Unit, equal to 1,000 lbf
 24. Raven Product for boom return to Spray position
 27. What speaks many languages
 28. Version Control System
 29. The company that created Confluence
 30. I tell all, but I protect you
 32. A second of six basic machines
 37. Am I forgetting someone
 39. Number of Engineering Managers who THINK they are in charge
 41. System Sales Specs tend to be
 45. Button press to switch between Day & Night Screen Settings
 46. Number of Engineering Managers to provide input on the party
 49. CR7 term for faulty

Word Bank

RAD	Charlie	CAN	Slingshot	RTK	BBROYGBVGV	Wood & Bondo
GIT	Hawkeye	Standard Deviation	Derrick Keffeler	Viper 4	REPO	Street Maps
Slingshot Link	IP67	IDC	XRT	Injection	Wonky	Yellow Jacket Hornet
Agronomist	Freeseemann	Home	Walkes	Atlassian	Swedlund	Atlas
Patent	5	RCM	Mind.of.Preheim	Doug Fick	incompatible	Ackerman
twentyfour	Eggs	Flux Capacitor	Raven Europe	Modes	Lever	AutoYaw
kip	Youngs Modulus	Tantalum	Zero	Wedge	RS1	Dishwasher
Autoboom XRT	Steensma	Slingshot	AgEagle	Four	UT	Vague
Accuboom
