

Name: \_\_\_\_\_

Date: \_\_\_\_\_

# A-Z Engineers

## Across

- 2. Designed highways
- 3. Designs nuclear power plants
- 7. They invented medicines
- 11. Designs electrical poles+ wires
- 14. They create phones
- 18. Made processing machines
- 19. They tested water quality
- 21. They invented airplanes
- 23. They learned how too Manipulates, study's DNA

## Down

- 1. They created railroad parts
- 4. Designs mining machines
- 5. Supervise lightning manufacturing
- 6. They create bridges
- 8. Make sure items are good quality
- 9. Makes electrical items
- 10. Makes tools for doctors
- 24. Paper
- 25. Insulates houses
- 26. They created utilities

## Across

- 12. Deals with human movements
- 13. Helped/Created Zoos
- 15. They find the stress points
- 16. Made jet engines
- 17. They created animal medicines
- 20. They create X-ray machines
- 22. They made items for building structures stronger
