# Abnormal Behavior

## Across

4. psychological disorder characterized by distressing, persistent anxiety or maladaptive behaviors that reduce anxiety.

5. False sensory experience, such as seeing something in the absence of an external visual stimulus

6. A psychological disorder characterized by delusions, hallucinations, disorganized speech, and/or diminished or inappropriate emotional responses

8. False beliefs, often of persecution or grandeur, that may accompany psychotic disorders

11. A mood disorder marker by a hyperactive, widely optimistic state

13. An eating disorder in which a person alternates binge eating with purging, excessive exercise, or fasting

14. a mood disorder in which a person experiences, in the absence of drugs or medical condition, two or more weeks of significantly depressed moods, feelings of worthlessness, and diminished interest or pleasure in most activities

16. Compulsive fretting; overthinking about our problems and their causes

17. Intense fear of social situations, leading to avoidance of such

18. Psychological disorders characterized by emotional extremes

19. Fear or avoidance of situations, such as crowds or wide open planes, where one has felt loss of control and panic

20. A personality disorder in which a person exhibits a lack of conscience for wrongdoing, even toward friends and family members; may be aggressive and ruthless or a clever con artist

## Down

1. Disorders in which conscious awareness becomes separated from previous memories, thoughts, and feelings

2. a psychological disorder in which a person loses contact with reality, experiencing irrational ideas and distorted perceptions

3. a rare somatoform disorder in which a person experiences very specific genuine physical symptoms for which no physiological basis can be found

7. A disorder in which a person interprets normal physical sensations as symptoms of a disease

9. an anxiety disorder marked by a persistent, irrational fear and avoidance of a specific object, activity, or situation

10. An eating disorder in which a person maintains a starvation diet despite being significantly underweight

12. an anxiety disorder marked by unpredictable minutes-long episodes of intense dread in which a person experiences terror and accompanying chest pain, choking, or other frightening sensations

15. the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders (Fifth Edition), a widely used system for classifying psychological disorders.
