

Name: _____

Date: _____

Aerobic Cell Respiration

Across

- 4. another name for Krebs cycle
- 9. What is formed during the Etc
- 10. last step in cell respiration
- 11. main product of cell respiration

Down

- 12. breaks glucose
- 1. carbon dioxide is produced in
- 2. which organelle is cell respiration occurring in
- 3. 1/2 step

- 5. final electron acceptor
- 6. location of Krebs cycle
- 7. where does the etc take place
- 8. site of glycolysis
