

Name: _____

Date: _____

Algebra 1 Vocab

Across

1. linear
 7. standard form
 15. literal equation
 16. perfect square
 18. ratio of a term to previous term
 20. slopeinterceptform
 22. pointslopeform
 23. ratio between 2 directly proportional quantities
 24. difference between any 2 adjacent numbers in arithmetic sequence
 25. ;lkj

26. quadratic equations

27. occurs when the growth rate of a function is positive
 28. rationalize denominator
Down
 2. fjgh
 3. polynomial
 4. radical
 5. parent functoin
 6. intercept
 8. monomial
 9. function whose value is constant raise to the power of the argument

10. set of number that excludes the endpoints

11. sequence
 12. occurs when growth rate of function is negative
 13. to multiply each group of terms by another term
 14. system of equations
 17. asdf
 19. relationship between 2 variable in which one is a constant multiple of the other
 21. algebraic expression of sum or difference of 2 terms
