

Animal species

Across

- 2. 13,000 species
- 4. 8,000-9,000 species
- 6. 1-30 million+ species
- 8. 12,000 species
- 9. 7,984 species
- 11. 5,400 species

12. estimated 3-30 million species

13. account for 80% of all animals species

14. 3% of all known species

15. 4,475-5,000 species

18. 40,000 species

19. 20,000+ species

Down

1. 23,500 species

3. 6,000 species

5. 100,000 species

7. 10,000 species

10. 97% of all known species

16. 75,500 species

17. 9,000-10,000 species
