

Animals and flowers

Across

4. A small but fast animal with long ears and fluffy fur that likes carrots.
5. This animal is the male version of a chicken.
6. A small animal with prickly fur that can roll itself into a ball in defence.
8. An animal that lives on the South-Pole and likes to swim in ice water. They usually eat fish.
10. One of the largest mammals on land. These animals are very strong and use their trunk as a weapon.

Down

1. A very slow animal with a protective shield on its back.
2. A thick-skinned, long-bodied, aquatic reptile with very sharp teeth.
3. This animal likes to build structures and houses in the water. To do this, they use tree trunks.
7. This animal is the symbol of America. It is a large brown and white bird with sharp claws that eats mice.
9. This animal lives at night and sleeps during the day. They fly only using soundwaves.
