

Animals of the Zoo

Across

2. I have large ears and eat up to 16 hours a day.
4. I have a large mane and my roar can be heard up to 8km away
6. I have a long neck and I only eat plants.
8. I slither around and swallow my food whole.
9. I am the largest species of primate and I am native to Africa.

10. I am a red-haired ape and one of humankind's closest relatives. My name means "human of the forest".

Down

1. I have two horns on my nose and can grow to weigh over 1000 kg.
3. I move slowly and I have a strong protective shell to avoid predators.
5. I have black and white stripes and I sleep while standing up.
7. I have extremely long legs and the pigments found in my food turn my feathers red.
