

# Arachitol Nano

**Across**

**3. Vitamin D** ..... as per the Endocrine Society is less than 20ng/ml

**5. Absorption of oral Vit D** is only ..... percentage of intake.

**9. An absolute pre requisite** is formation of ..... micelle.

**13. Nano Particles** are known to allow additional routes of absorption are Transcytosis and ..... pathways

**14. Vit D3 Pre Solubalized** in lipids reduces the need for .....

**16. ....** Percentage of Indians have Vit D level less than normal.

**17. Possible loss of** ..... between Vit D3 and lipids during size reduction

**18. NDDS** Maintains.....in strongly acidic and bile media.

**19. Cost of one bottle of Arachitol Nano** is .....

**Down**

**1. Particle size of Arachitol Nano** is less than ..... nano

**2. Vit D** has grown more than ... times in three years

**4. Therapy of Vit D3 Nano Particles** address the problem of Low and ..... absorption of Vit D3 through oral route.

**6. Vit D3 in Nano Particles** is not dependent on ..... for size reduction before absorption.

**7. Nano Particles** are ready to .....micelle like structure.

**8. Vitamin D insufficiency** as per the endocrine society is less than..... ng/ml.

**10. Dependence on presence of** .... in diet for solubilization

**11. Nano Particles** are Known to provides Strong .....property.

**12. Dependence on Bile Salts** for

**15. Dosage forms granules and sachets** do not ..... fully in water and milk
