# Ashanti's Safe Winter Driving

## Across

3. Is what you use to put your hand on the "10 and 2" position  
 5. Keep this in your car with you  
 7. You pump on this break  
 11. Fill up this this before leaving on the trip  
 13. You should drive safe to prevent this from happening  
 14. Always have a pump just incase these go flat  
 20. Use a cell phone to dial this number when in trouble  
 21. You put your foot on this to stop the car gently  
 23. Be cautious on these when driving with ice  
 25. This is a great example of checking your car

26. Children this age and under are safer in the back seat

27. When you get stuck, do not do this  
 28. Make sure you have enough of this in your car

29. Speed Limits are meant for these words

30. Check this system for leaks

## Down

1. Keep your eyes open for them walking across  
 2. Do this lightly  
 4. This is the signal when you are turning right  
 6. Check these before driving  
 8. This is what you use when it is snowing when you need to see infront of you  
 9. Get plenty of rest to avoid this

10. These mirrors are the mirrors on the side of the car

12. Turn this on to stay warm

15. You always have to do this before you go on a trip

16. All passengers and drivers are required to wear this in the car

17. Clear this off your car

18. You pull or push this to drive and park

19. When it is dark, you turn this on when driving

22. You stomp on this brake

24. Do not do this when driving
