

Name: _____

Date: _____

Atom

Across

- 3. Greek Philosopher discovered Atoms
- 5. English Chemist that developed first Atomic Theory
- 6. Discovered the atomic # of elements
- 7. Discovered the Electron
- 8. Particles behave like waves

- 9. Model showing Electrons move with constant speed
- 10. Discovered the Neutron

Down

- 1. Developed quantum mechanical model
- 2. Discovered the Nucleus
- 4. Determined Electrons charge is negative
