

Name: _____

Date: _____

Atom and Periodic Table Vocab

Across

- 3. Electrons located on the most outer shell
- 5. The columns that shows a group of elements with similar chemical properties
- 8. The center of an atom that contains the protons and neutrons
- 10. Has both a mix of metal and non metal properties
- 11. Smallest unit of matter

13. The horizontal rows on the periodic table

14. Protons, neutrons, electrons

15. located in the nucleus and has a neutral charge

Down

- 1. Levels where the electrons orbits around the nucleus
- 2. The number of protons and neutrons added together

4. The number of protons or electrons

6. Area around the nucleus and has the most volume

7. On the outside of the nucleus and has a negative charge

9. An electrically charged atom

12. Has a positive charge and determines the identity of an atom
