

Biology Studyguide

Across

- 3. "T" base in DNA
- 6. "A" base in DNA
- 8. "C" base in DNA
- 10. Translation of mRNA sequence

11. Sequence that has one or mutated part

12. DNA is copied to mRNA

Down

1. A translation of the DNA sequence

2. Sequence of three nucleotides

4. The D in DNA

5. A process by which mRNA directs protein synthesis

7. Dna has two

9. "G" base in DNA
