

Name: _____

Date: _____

Biology

Across

2. the part of the neuron with the greatest diameter

5. The white fatty membrane that protects the neuron

7. the junction between the axon and dendrite

10. an electrochemical pulse that moves along the membrane of a neuron

11. A system of neurons that help the body adjust to stressful situation

12. the part of the brain containing motor and sensory centers

Down

1. The region of the brain that controls involuntary activities

3. The protective covering of the brain and spinal cord

4. A part of the brain, monitors and adjust body activities

6. the part of the nervous system consisting of the brain and spinal cord

8. The functional unit of the nervous system

9. the neurons that help the body return to normal processes after a stressful situation
