# Braiding and Braiding Extensions

- |  |                        |
|--|------------------------|
| 1. Also known as a comb twist  | A. Glamour waves       |
| 2. Double-strand twists that are interwoven to lie flat on the scalp                                   | B. Wave pattern        |
| 3. Braiding the hair then opening it to create a crimped texture on texture effect                     | C. Natural hairstyling |
| 4. Narrow rows of visible braids that lie close to the scalp and are created with a three strand braid | D. Textured hair       |
| 5. Braid created with two strands that are twisted around each other                                   | E. Braid-out set       |
| 6. Separate networks of curly, textured hair that have been intertwined and meshed together            | F. Dreadlocks          |
| 7. Flat twist set is unraveled to make a loose, wavy texture on the entire head                        | G. Cornrows            |
| 8. Hairstyling that use some no chemicals or dyes and does not alter the natural curl                  | H. Coils               |
| 9. Hair with a tight coil pattern  | I. Flat-twist          |
| 10. The coil configuration of textured hair  | J. Rope braid          |
| 11. Two or three long simple, inverted, thick cornrows created around the head                         | K. Halo braids         |
| 12. Box braids   | L. Single braids       |
