

# British Isles Physical Geography

## Across

3. The mountain range in Wales  
 6. The mountain range in Counties Londonderry & Tyrone  
 7. The small island just north of Ballycastle  
 10. The most SOUTHERLY mountains in SCOTLAND

11. The islands just North of Scotland (Just north from John O'Groats the most northerly part of mainland UK)

## Down

1. The Ocean at Portrush  
 2. The sea separating GB from Ireland  
 4. The island just off the southern coast of England (sounds like a colour but be careful of spelling!)

5. The river that flows through Belfast (and Lisburn)

8. The mountain range in County Down  
 9. The longest river in the UK. It rises in Wales  
 12. The largest Lough in NI (and the British Isles)
