

Name: _____ Date: _____ Period: _____

C1L2 Part.2/ The Cell

Across

- 7.** has most cells other than bacteria
8. contain enzymes that break down food and old cell parts
9. control center;directs all cell activites
10. storage sac; larger in (h2o)

Down

- 1.** allows substances to move in and out of the cell(selectively permeable)

- 2.** receives materials from (ER), packages them, and sends them to other parts of the cell
3. photosynthesis;captures energy from the sun to make food
4. produces energy
5. makes proteins
6. no nucleus,missing most organelles
