

Name: _____

Date: _____

Cell Review

Across

7. A solution that has reached dynamic equilibrium
8. An exact genetic copy
9. Organelle only found in plant cells
10. The movement of water across a membrane

Down

1. Site of photosynthesis
2. Organelle responsible for synthesis of proteins
3. The energy input of photosynthesis
4. Contains genetic information
5. Molecule of stored energy
6. Unlike eukaryotes, prokaryotes do not have a
