

Cells and organelles

Across

- 6. What is a gel like fluid inside of the cell**
- 7. What organelle creates proteins**
- 9. Which organelle of the plant cell gives it structure**
- 10. Which organelle stores water**
- 11. Which organelle produces energy**

Down

- 1. All cells have what that protects what goes in and out**
- 2. What is considered a simple cell**
- 3. Which organelle transports proteins**
- 4. What is considered a complex cell**
- 5. Which organelle controls the waste in the cell**
- 8. Which organelle controls the cells activities**
