

Cells

Across

- 6. Makes energy out of food
- 8. Used for storage and usually contains food and water
- 9. Supports the plant cell
- 10. Help break down food

Down

- 1. The "intracellular highway"

- 2. Make, process, and package proteins
- 3. Uses sunlight to create food for plant cells
- 4. Make protein
- 5. What type of cell contains a cell wall and chloroplasts?
- 7. The "brains" of the cell
