

Chapter 12 Vocab

Across

2. a sheet that contains only a chart
4. text that provides additional information about a data maker, which represents a single data point or value that originates from a worksheet cell
7. a row or column of data represented by a line.
9. a chart placed on a worksheet rather than on a separate chart sheet.

12. the area bounded by axes in a chart

14. a line bordering the chart plot area used as a frame of reference for measurement

Down

1. the entire chart and all its elements
3. a highly configurable table
5. a graphical representation of the data in a pivottable.

6. an explanatory list that defines the patterns or colors assigned to the data series.

8. mini graph that summarizes the data

10. a bar, area, dot, slice or other symbol in a chart that represents a single data point.

11. a graphical representation of numeric data in a worksheet

13. descriptive text that is aligned to an axis or at the top of a chart
