

Chapter 4 Life Science Vocab

Across

- 3. a group of living things and their surroundings
- 7. 2 or more elements and/or compounds mixed together
- 8. very large molecules made of carbon, hydrogen, oxygen, nitrogen, and sometimes sulfur
- 9. compounds made of long, repeating chains called nucleotides
- 10. made by cells to store energy for long periods of time

- 11. 2 or more elements chemically joined together

Down

- 1. process that rearranges atoms of one or more substances into one or more new substances
- 2. energy-rich compounds made from carbon, hydrogen, and oxygen
- 4. what is made after a chemical reaction
- 5. what you put in to make a chemical reaction
- 6. most basic unit of matter
