

Name: _____

Date: _____

Chapter P - Vocab

1. x-intercept
 2. y-intercept
 3. Pts of Intersection
 4. Expression
 5. Equation
 6. Linear equation
 7. Average Rate of Change
 8. Relation
 9. Function
 10. Domain
 11. Range
 12. Function Transformations
 13. Polynomial Functions
 14. Rational Function
 15. Radical Function
 16. Trigonometric functions
 17. Factoring
 18. Evaluate
 19. Composite Functions
 20. Exponential functions
- A. soh cah toa
 - B. (5,0)
 - C. Domain issues with even roots
 - D. Domain is all real numbers
 - E. $y = mx + b$
 - F. a mathematical sentence
 - G. Must pass the VLT
 - H. slope
 - I. breaking into parts
 - J. all y-values
 - K. all x-values
 - L. Variable in exponent
 - M. Function in a Function
 - N. graph crosses the y-axis
 - O. expr. joined by an equal sign
 - P. where to graphs are equal
 - Q. with parenthesis
 - R. anything with coor. pairs
 - S. Denom. can have domain issues
 - T. moving/altering functions
