

Chapter 10

Across

- 4.** a strip of vegetation that connects parks or neighborhoods: often located among rivers, streams, or canals
- 7.** The vegetation and manufactured structures that cover land
- 9.** an area of small towns or farms
- 10.** Legislation and regulations to limit suburban sprawl and preserve farmland.
- 12.** The effort on the part of the city to coordinate, direct and control the type of development taking place, so as to ensure maximum benefits to the populace.
- 14.** the process of repairing damage caused by humans to the biodiversity and dynamics of natural ecosystems

- 15.** Various ways humans use the land such as agricultural, industrial, residential, or recreational

Down

- 1.** An integrated software package for handling, processing, and analyzing geographical data and computer database in which every item of information is tied to a precise geographic location
- 2.** dividing an area into zones or sections reserved for different purposes such as residence and business and manufacturing
- 3.** Geographical boundaries placed around a city to limit suburban growth within that city.

- 5.** urbanization An increase in the percentage and in the number of people living in urban settlements
- 6.** Fundamental facilities and systems serving a country, city, or area, as transportation and communication systems, power plants, and schools
- 8.** A dense core of census tracts, densely settled suburbs, and low-density land that links the dense suburbs with the core
- 11.** Development of new housing sites at relatively low density and at locations that are not contiguous to the existing built-up area.
- 13.** An area in which the air temperature is generally higher than the temperature of surrounding rural areas.
