

Name: _____

Date: _____

Chemistry Chapter 2

Across

- 1. excess hydrogen ion
- 4. universal solvent
- 5. electrostatic attraction charged atoms
- 6. fundamental particle
- 9. unit of life
- 12. monomer nucleic acid
- 13. degree of pathogenicity
- 15. bond in carbohydrates

17. polysaccharide in plants

- 19. bond in polypeptide
- 20. unit of matter
- 21. cholesterol
- 22. non polar covalent bond
- 23. sucrose

Down

- 2. electrons are shared
- 3. monomer for polysaccharide

7. chemical bond found in water

- 8. negatively charged atom
- 10. monomer for protein
- 11. uncharged subatomic particle
- 14. energy currency of cell
- 16. biological macromolecule insoluble in water
- 18. positively charged atom
