

# Chromosomes and Mitosis

## Across

2. stage 6  
 7. stage 5  
 10. it then \_\_\_\_\_  
 its DNA  
 11. stage 1  
 12. stage 2  
 13. chromosomes  
 contain \_\_\_\_\_  
 information

14. The human body has  
 \_\_\_\_\_ pairs of  
 chromosomes

15. DNA= \_\_\_\_\_  
 acid

## Down

1. The second section  
 of the cell cycle

3. The chromosomes  
 are found in the

\_\_\_\_\_   
 4. stage 4

5. The first section of  
 the cell cycle is called  
 Growth and DNA

\_\_\_\_\_   
 6. At the end of the  
 process, \_\_\_\_\_ cells  
 are made

8. The two \_\_\_\_\_ of  
 each chromosome go to  
 opposite ends of the cell.

9. stage 3
