

Name: _____

Date: _____

Circle Vocab

Across

6. less than half a circle

9. angle inside circle with vertex at center

11. obstructing path

12. exactly half the circle

13. area between arc and two radii

14. straight line from center to circumference

15. set of infinite points; equal distance to a fixed point

Down

1. angle inside circle with vertex on circle

2. more than half a circle

3. line that intersects circle at exactly 2 points

4. chord that goes through center

5. share the same center

7. segment with endpoints on circle

8. middle of circle

10. intersect circle at one point
