

# Communication Project

**Across**

- 2. Face-to-Face nonverbal communication that causes barriers to include \_\_\_\_\_ that conflict with the words being said.
- 7. Can occur when the reciever says or does something that causes the reader to stop listening.
- 8. Anything that prevents clear, effective communication.
- 9. can occur when the reciever says or does something that causes the senders message to not be recieved.
- 10. Barriers may occur in, written, verbal, and nonverbal \_\_\_\_\_.

**Down**

- 1. The sender has a \_\_\_\_\_ to the reciever to make sure the message is clear and understood.
- 3. Has a responsibility to the reciever to make sure the message is clear, and understood
- 4. Give \_\_\_\_\_ to let the sender know you recieved the message.
- 5. What stops effective communication?
- 6. Sending barriers may include using poor \_\_\_\_\_ or spelling.
