Cost of Having a Baby

Across

5. The baby will ride in this until it can walk.
6. Your baby wears these before they become toilet trained.
7. Each time you ride in the car, your baby sits in this.
8. A doctor or nurse will inject this into the baby at their doctor's visits to keep them healthy.
10. A baby must make routine visits to this doctor to ensure they are healthy.

Down

1. This item helps the baby to stop crying.
2. What your baby wears each day. Their size will change as they grow.
3. If the mother doesn't breastfeed, the baby will drink this very often.
4. These help to entertain your baby.
9. You must purchase this for your baby to sleep in each night.
