

Cultural Diversity

Across

- 6.** A belief that in the inherent superiority of one sex (gender) over the other, and thereby the right to dominance.
- 8.** A belief that racial differences produce an inherent superiority in a particular race.
- 10.** An attitude, opinion, or feeling formed without adequate prior knowledge, thought or reason.

- 11.** An integrated pattern of learned human behavior traits including thoughts, communication, actions, beliefs, values; the institutions of an ethnic, religious, or social group; a body of learned beliefs, traditions, principles, and guides for behavior that are shared among members of a particular group.
- 12.** A belief in the inherent superiority of heterosexuality over all other patterns, and thereby the right to dominance.

Down

- 1.** A belief that no culture can be judged by the standards of another and that every culture must be approached on its own terms.

- 2.** Thoughts (social/moral) that sharply conflict with each other.
- 3.** A generalization of characteristics that applied to all members of a cultural group.
- 4.** To make a difference in treatment on a basis other than individual character.
- 5.** Unconscious biases that affect our decision-making; everyone has them.
- 7.** Small groups of people within a society whose values differ from those of the majority.
- 9.** Is not biological, but is a powerful social idea that oppresses some groups while benefiting others.
