

# Drama Test 4 Vocabulary

## Across

2. Imaginary “wall” that takes up the rest of the space in which the play takes place. It is the place where the audience is.  
 3. Controllers that are used to gradually bring the lights up or down  
 4. Curtains that hang straight down on the right and left of the stage  
 9. Area between the stage and the front row of seats  
 12. Staging set up in which the audience sits on all four sides of the playing area

13. Part of the stage that protrudes out from the proscenium  
 14. The pattern of movement that an actor follows  
 15. Stage in which the audience sits on 3 sides of the acting area  
 16. Canvas covered wooden frame used to create scenery  
 17. Auditorium in which the floor slopes away from the stage so that the audience members can more easily see the stage

## Down

1. Stage with an architectural arch that forms the front of the stage

5. Painted curtain without folds that gives the illusion of a 3-D set  
 6. Rod suspended over the stage from which lights and scenery are hung  
 7. Seating within the auditorium  
 8. A set of drapery for concealing all parts of the stage from the view of the audience  
 10. The environment of the play including scenery and furniture  
 11. Offstage to the left and right of the acting area
