

Driving Terms 1 ???

Across

2. A combination of dangerous acts committed while driving
4. a curve that slopes up from the inside edge
5. the point around which all the weight of an object is evenly distributed
10. in a vehicle with a manual transmission, a device that engages and disengages the engine and is connected to the drive shaft; the pedal by which the device is operated
12. a sudden loss of air pressure in a tire
14. Blood Alcohol Concentration: percentage of alcohol in a person's blood
18. a crash; the result of one object hitting another with sudden force
20. sticking together; in automotive terms, traction or friction
21. events you assume might happen
22. Controlled-Access Expressway: an expressway that has fixed points of entry and exit
24. the 3-percent cone at the center of your focus. Focusing on objects is done with the help of central vision

25. a crucial aspect in traffic safety; the ability to see colors

26. A generator that produces the electricity needed to run a vehicle and its electrical devices
27. Antilock Brake System: a braking system that is designed to keep a vehicle's wheels from locking when the driver brakes abruptly
28. "saying" aloud what you sense in real-world traffic situations
29. the force that tends to push a moving object out of a curve and into a straight path
30. a safety feature that requires driver and passenger to take action to protect themselves

Down

1. A speed limit that interrupts normal driving speed for a limited time and provides guidelines for adjusting speed
3. Laws that regulate driver licensing, vehicle registration, financial responsibility of drivers and vehicle owners, or minimum equipment and vehicle standards
6. a skid caused when the brakes are applied so hard that one or more wheels lock
7. looks like a four-leaf clover from above

8. a colorless, odorless, highly poisonous gas; a by-product of burning fuel

9. a skid occurring when a tire suddenly loses air pressure
11. the way you weigh the benefits you receive from driving versus what driving a vehicle actually costs
13. a skid on a turn or curve
15. to make allowances, as in compensating while driving impaired with a cold or the flu
16. a selection between two or more possible options
17. when determining your options, you compare the information you have
19. A substance with a low freezing point, usually added to the liquid in a vehicle's radiator to prevent freezing
23. an area a vehicle that is not visible to the driver in the rearview or sideview mirrors
