Econ Unit 5 Crossword Puzzle

Across

5. Trade finance signifies financing for trade, and it concerns both domestic and international trade transactions. A trade transaction requires a seller of goods and services as well as a buyer. Various intermediaries such as banks and financial institutions can facilitate these transactions by financing the trade.
6. This is a country's imports and exports of goods and services.
7. an economic and political system in which a country's trade and industry are controlled by private owners for profit, rather than by the state.
8. a political and economic theory of social organization which advocates that the means of production, distribution, and exchange should be owned or regulated by the community as a whole.

9. Free trade is a trade policy that does not restrict imports or exports; it can also be understood as the free market idea applied to international trade.
10. This happens when a country's imports exceed its exports.

Down

1. a measurement of a country's trade where the value of the goods and services it imports exceeds the value of the products it exports.
2. the value of one currency for the purpose of conversion to another.
3. is a record of the inflows and outflows of capital that directly affect a nation's foreign assets and liabilities.
4. an amount of something left over when requirements have been met; an excess of production or supply over demand.
