

Electricity

Across

- 2. Negative solution into the skin without breaking the skin
- 4. acidic solution into the skin without breaking the skin
- 7. Produce alternating current
- 11. electric pressure
- 12. electric resistance
- 13. electrically powered appliance
- 18. positive electrode
- 19. economical and long lasting lights
- 22. when dryer in off
- 23. stimulates nerve and muscle

- 25. change DC into AC
- 26. Positive terminal and negative terminal
- 27. measure of electrical energy is used
- 28. movement of electricity along a path
- 29. flow in one direction

Down

- 1. Negative electrode
- 3. Hz
- 5. does not allow electric current to flow
- 6. produces muscle contractions

- 8. when air flows
- 9. water base products deeply penetrate the skin
- 10. lights produce redder tones or warmer cast to an object
- 14. produce light, heat, magnetic and chemical changes
- 15. 1,000 equal one
- 16. treatment were sebum breaks down or blackhead are liquified
- 17. electric strenght
- 20. alls electricity to flow
- 21. contains fine wires
- 24. produce pure heat rays
