

Elements

Across

2. This element combines with water to form water.
 3. Has 67 protons.
 10. Has an atomic weight of 152.0.
 11. Has an atomic mass of 209.
 13. Has the chemical symbol Mn.

14. Has an atomic number of 2.

15. In group 15 and period 4.

Down

1. Atomic number 6.
 4. This element has 71 protons.
 5. Has the chemical symbol B.

6. Chemical Symbol is Fe

7. Is a gas with and in group 17 with an atomic weight over 30.

8. Has the chemical symbol of Rn

9. Is the only non-metal liquid.

12. Is in group 8 and period 7.
