# Energy

## Across

- 2. This energy is created from plants and animals
- 8. This energy comes from water turbines
- 9. This energy comes from volcanos
- 10. This energy is comes from heat

## Down

- 1. This energy is stored up energy
- 3. Is the movement of energy through substances such as (Compression/Longitudinal) waves
- 4. Comes from splitting of atoms
- 5. This is moving energy
- 6. This energy comes from wind
- 7. This energy is formed from nuclear fusions
