Esthetics

Across

1. Skin laxity from damage, sun, and aging
 4. What form do you use for a new client to your salon?
 10. Most common skin type in twenties and thirties
 12. This skin type is easily irritated by products or by exposure to heat or sun
 14. Filtered black light used to illuminate skin disorders, fungi, bacterial disorders and pigmentation

15. Lack of melanin production due to multiple factors

16. This extends the shelf life of a product and reduces the rate of oxidation in formulas

Down

2. Used to measure the skin type's ability to tolerate ultraviolet exposure
 3. Avoid this to maintain healthy skin habits
 5. Perform this first step in successful skin care treatments and recommendations

6. What is the first procedure to a facial treatment?

7. Best way to determine if a client is allergic to a product

8. This occurs when you have a lack of water

9. Our body's internal, or this, health affects how we feel and skin can look and perform

11. Overproduction of oil due to genetics, hormonal changes, medication, stress or environmental factors

13. Outside factors that speed up the whole aging process
