Excel Review

Across

2. A single spreadsheet that contains cells organized by rows and columns.

5. You can do this to a workbook in a earlier version file format, and in a text tile format along with other formats.

7. The letter refers to the column the cell is in and the row is referred to by the number.

9. A spreadsheet developed by microsoft.

11. These go from the top to the bottom of the page.

12. Numbers are in these.

Down

1. A spreadsheet cell in which values or formulas can be entered.

3. These are in formulas.

4. They go from left to right of the page.

6. Texts you enter into any cell.

8. The field in a computer where data is entered into a spreadsheet.

10. A rectangular shaped box on a worksheet.
