Figure Skating

Across

5. Our club's name
 10. A spin position with the spinning leg bent at the knee and the free leg extended forward.
 12. Jumps we have been practicing with Derek.
 13. A quick multi-rotational turn on one foot while moving forwards or backwards.
 14. A 180 degree rotation, one of the first jumps skaters learn.

Down

1. 2020 Skate Canada Senior Men Champ (last name).
 2. What fruit does your body look like when you do a landing?
 3. What sport do we all love doing?
 4. A spin performed backwards.
 6. Crossing one foot over the other as a way of gaining speed and turning corners.

7. The teeth at the front of a skate blade that assists a skater in jumps and spins.
 8. A spin position during which the free leg is extended in the air in an arabesque position parallel to the ice.
 9. Figure skating move done when a skater glides forward with the leg up higher than your hip.
 11. Figure skating surface.
