

Four Factors of Fair Use

Across

- 3. Reworking a portion of a song or sound recording into a new composition
- 4. the _____ of the new work does not include any negative impact on the creator or the value of the original work (think \$!)
- 7. the _____ used is only a small portion of the original work or does not include the "heart" of the work.
- 8. the _____ of the new work is educational or the original work is transformed into something very different
- 10. the _____ of the original work is nonfiction or based on fact (rather than creative or fictional)

- 11. If you use, copy, modify, or publish without permission

Down

- 1. Copyright lasts the lifetime of the creator plus _____ years after their death
- 2. Creative work that's not copyrighted and free to use without permission
- 5. Legal protection that creators have over the things they create
- 6. A piece of artwork made by piecing together different materials, including photos, images, or other artwork
- 9. The ability to use copyrighted work without permission, but only in certain ways and specific situations
