Fruits

Across

3. a long curved fruit which grows in clusters and has soft pulpy flesh and yellow skin when ripe.

6. a berry, typically green (classified as white), purple, red, or black, growing in clusters on a grapevine, eaten as fruit, and used in making wine.

8. a large round yellow citrus fruit with an acid juicy pulp.

10. the small sweet blue-black edible berry of the blueberry plant.

Down

1. a round juicy citrus fruit with a tough bright reddish-yellow rind.

2. an edible soft fruit related to the blackberry, consisting of a cluster of reddish-pink drupelets.

4. a small, round stone fruit that is typically bright or dark red.

5. the large fruit of a plant of the gourd family, with smooth green skin, red pulp, and watery juice.

7. the round fruit of a tree of the rose family, which typically has thin red or green skin and crisp flesh. Many varieties have been developed as dessert or cooking fruit or for making cider.

9. an oval fleshy fruit that is purple, reddish, or yellow when ripe and contains a flattish pointed pit.
