

Name: _____

Date: _____

Geometry Definitions

Across

2. Two collinear points with the same endpoint

7. figures on the same plane

9. a series of points that extends in two opposite directions

10. flat surface with no thickness

11. two or more segments with the same length

13. a location, no size

14. noncoplanar lines (not parallel, do not intersect)

Down

1. points that lie on the same line

3. $|a-b|$ or $|b-a|$

4. a point that divides a segment into two congruent parts

5. coplanar lines that never intersect

6. part of a line consisting of two endpoints and all points between

8. all sets of points

12. part of a line with one endpoint and all points on one side
