

# Glaciers are Cool!

**Across**

- 1. 3rd factor that velocity depends on
- 3. 2nd factor that velocity depends on
- 5. 2nd type of Depositional Feature
- 9. 25 to 100 years for this process
- 10. 2nd type of Glacial Erosion

12. 3rd type of Depositional Feature

13. 1st factor that velocity depends on

14. 4th type of Depositional Feature

**Down**

2. Sediments of glacial origin

4. 1st type of Glacial Erosion

6. Layers or ridges of till

7. Glaciers have the potential to:

8. 1st type of Depositional Feature

11. Summer melting and sublimation
