Date: _____

Globalisation

Across

1. The gradual spread of culture from an influential civilisation
2. It builds up as countries become increasingly reliant on each other
9. Voluntary international agreements that encourage the free flow of goods and capital between member countries
10. A financial injection made by a business into another country's economy
12. Businesses whose operations are spread across the world, operating in many nations as both makers and sellers of goods and services

14. A person who moves from one country to another in order to find work and improve their standard of living

15. The international relocation of different types of industrial activity, especially manufacturing industries

Down

3. The changing of the design of products to meet local tastes or laws

4. The practice of promoting the culture/language of one nation in another

5. A growing tendency for state governments to take measures ensuring that domestic industries and consumers have priority access to national resources found within their borders

6. This occurs when the consumer takes into account the costs of producing food and goods and of providing services

7. An industrial area, often near a coastline, where favourable conditions are created to attract foreign TNCs

8. The decline of regionally important manufacturing industries

11. The dispersion or spread of a group of people from their original homeland

13. A highly globally connected city
