

Honors Biology Crossword Puzzle

Across

- 5. Collects, packages, and distributes proteins
- 6. Fat, oil, and wax are?
- 7. Community of organisms and their non-living environment
- 12. Special group of proteins that speed up reactions
- 14. Group of different species that live in the same habitat and interact with one another
- 15. Group of tissues that carry out a specialized function in the body
- 17. Group of cells that carry out a similar function
- 18. Small organelle in the nucleus that makes ribosomes

- 23. Enzymes are ___ during reactions.
- 24. Transport system of the cell
- 26. Command center of the cell
- 27. Boundary outside of the cell membrane in some cell

Down

- 1. Site of protein synthesis in prokaryotes and eukaryotes
- 2. Single living thing
- 3. Organisms of the same species that live in the same area and can be interbreed
- 4. How many organic compounds are there?
- 8. Smallest unit of life
- 9. Proteins are made up of?

- 10. Jelly-like material in which organelles float inside a cell
- 11. Storage tank of the cell
- 13. All of the world and its atmosphere that support life
- 16. Leaves have a protective lipid layer called the?
- 19. Organs that work together to perform body functions
- 20. Organisms that look similar can produce fertile offspring
- 21. Enzymes have?
- 22. Conducts photosynthesis for plants
- 25. Encloses cell
