

I Wrote the Lyrics

Across

3. I take a scar
everytime I cry
7. I've been here for
you all along
9. I can hear that voice
you use upon the phone
11. I love him so much,
it just turns to hate
13. Sleight of hand and
twist of fate
14. Catch a cannonball
now to take me down the
line
15. We could dream this
life away

18. Sheets of empty
canvas
20. Finding beauty in the
dissonance
21. She just smiled and
held my hand
22. It's lit to pop and
nobody is gonna stop

Down

1. They're gonna eat me
alive
2. Memoria, memoria
4. Flashbacks, warm
nights
5. Can't you see I'm
trying?

6. Now you're here, now
you're away
8. And my girlfriend
likes U.L. and D.H.C.
10. Dancing in the
deepest oceans
12. A poet, a pawn and a
king
16. She takes me away to
that special place
17. Get jobs in offices
and wake up for the
morning commute?
19. Does she love you
better than I can?
