

Integumentary system

Across

2. Repair that takes longer to heal and has more scar tissue
 3. The same as a nodule only greater than 2 cm
 6. Abnormal condition of whiteness
 7. Pertaining to oil glands
 13. Above normal heat
 17. Accumulation of fluid between the upper layers of the skin; elevated mass containing serous fluid; less than 10 mm
 18. Horny layer of skin
 21. Below normal heat
 22. Abnormal condition of baldness
 23. Solid and elevated; however, they extend deeper than papules into the dermis or subcutaneous tissue, greater than 10 mm
 24. Sensory receptors for touch
 25. Vesicles or bullae that is filled with pus, usually described as less than .5 cm in diameter

26. Comprised most of the epidermis and makes keratin
 28. Localized changed in skin color of less than 1 cm in diameter
 30. Contains melanocytes and langerhans cells
 31. Also called hypodermal layer, attaches the muscle
 33. Presents of bedsore, pressure sore
 34. True skin, connective tissue, vascular
 35. Where the nail is formed
 37. Keratinization process begins
 38. Tumor of blackness, usually malignant
 39. Being without little blood vessels
 40. Only on palms and soles of the feet

Down

1. Blocks UVA and UVB rays
 4. Affective in the defense of the skin against microorganisms
 5. Measures the percentage of the body burned

8. Solid, elevated lesion less than 1 cm in diameter
 9. Localized edema in the epidermis causing irregular elevation that may be red or pale, may be itchy
 10. Deep flat slightly acidic layer of skin
 11. Causes silvery white scales
 12. Deepest layer of skin that is always dividing
 14. Inflammation of the skin
 15. Increased sensitivity to sunlight and the risk of getting sunburned
 16. A depression lesion of the epidermis and upper papillary layer of the dermis
 19. Presence of pimples
 20. Painful bacterial infection of the hair follicles or sebaceous glands
 27. Upon the skin; top layer of skin
 29. Makes melanin
 32. Approximately 12-15% of total body weight
 36. Same as a vesicle only greater than 10 mm
