

# Introduction to Social Work: Chapter 1

## Across

3. One of the four core areas of a basic MSW program.  
 5. "The entirety of a person's dimensions of difference in social identities."  
 12. One of the four sets of requirements of which Social Workers should be aware.  
 16. NASW Code of \_\_\_\_\_  
 17. MSWs will find good opportunities in this specialty.  
 20. Abbreviation for the nine Social Work competencies.  
 22. "The essential lessons for aspiring social workers involve both \_\_\_\_\_ and practice skills."  
 23. Class of difference.  
 24. Credentialing center.  
 26. "The arbiter of Social Work education."

28. This differs from Social Work because it "is a social science, not a profession."

30. Doctorate of Social Work

## Down

1. Majority of Social Workers (85% vs. 15%)  
 2. Social Workers have been "key to the development" of this social welfare policy.  
 4. "Social Workers' professional role is to help people secure the basic human needs, \_\_\_\_\_, and values...."  
 6. "Activities that secure services for and promote the rights of individuals."  
 7. One of the many Social Work practice skills.  
 8. Social Workers are expected to know about these, and it helps differentiate them from other helping professions.  
 9. "\_\_\_\_\_-based practice"

10. Social Workers should act as these for individuals, groups, and communities.

11. Social Workers must challenge these.

13. "Advanced specialized practitioner"

14. One of the three levels of practice.

15. One of the Core Values of Social Work.

18. One of Professional Social Workers' Goals: "To develop and \_\_\_\_\_ social policy."

19. "Generalist practitioner"

21. One of the concepts Dr. Brene Brown focuses on in her research & writing.

25. "The NASW Code of Ethics serves \_\_\_\_\_ purposes."

27. \_\_\_\_\_ education, "Social Work's signature pedagogy."

29. Licensed Clinical Social Worker
