

Japan

Across

- 2. Japan's leader during WWII in attacks on other Asian countries and the United States. He over saw the Japanese government's unconditional surrender that ended World War II.
- 5. President during the end of World War II that gave the orders to drop the atomic bombs on Japan.
- 8. The change from producing items by hand, to mass-producing them by machines in factories.
- 12. The decision to keep merchants, traders, and travelers out of Japan because they did not want outsiders to influence their culture or ideas.
- 13. An area or place in which important military events occur or are progressing.

- 14. Meiji Restoration - When the last shogun was overthrown and the emperor assumed direct control over the nation. The Period (1868-1912) was marked by Japan's opening to the West and the establishment of a strong centralized government.
- 16. Occurs when a strong nation takes over a weaker nation or region and dominates its economic, political, and cultural life. Japan used the European model.
- 17. A state that is controlled and protected by another.
- 18. A secret military project started in 1942, to produce the first US nuclear weapon.

Down

- 1. When the last shogun was overthrown and the emperor assumed direct control over the nation. The Period (1868-1912) was marked by Japan's opening to the West and the establishment of a strong centralized government.
- 3. American military officer who oversaw the successful Allied occupation and rebuilding of Japan after WWII.
- 4. The political transition of land ownership from the control of one entity to another.
- 6. The 12th through 19th centuries in Japan. During this period local rulers, powerful families or military warlords, dominated the land, while the emperor was merely a figurehead and not a significant political presence.
- 7. Having the belief or idea that your own group or culture is better or more important than others.
- 9. The belief that a country should not be involved or interfere with other countries.
- 10. A Japanese pilot trained in World War II to make a suicidal crash attack, especially upon a ship.
- 11. Code of the Samurai, translates to "way of the warrior".
- 15. American Naval Officer who is credited with opening and re-establishing regular trade between Japan and the western world in 1853.
