

# Life Cycle of Keratinocytes

**Across**

- 2. Keratin Change
- 3. Pigmentation
- 7. Tight Junction For Cells
- 10. Cells Also Found In The Basal Layer
- 11. Layer For Stem Cell Production

- 12. First Production
- 13. Protein-Based Substance
- 14. Name Of Protein Keratinocytes Require

**Down**

- 1. Helps Hold Cells Together
- 4. Production Of Lipids
- 5. Clear Layer
- 6. Layer Where Cells Are Filled With Keratohyalin
- 8. Cells Full Of Keratin
- 9. Keratinocytes Become The End
